

150kW Power Cabinet for Mining

Compared to traditional bidirectional power supply solutions, high-frequency isolation eliminates the need for a line frequency transformer, resulting in higher overall efficiency, exceeding 95%.

Available in a range of sizes (150kW to 2000kW), this switching cabinet is ideal for use in industrial, commercial, and renewable energy systems where uninterrupted power is critical.

This premier liquid cooling solution totaling 150KW is a modular cabinet design for ASIC miners. It adopts self-developed immersive liquid cooling system to improve cooling, efficiency and heat ...

Modular power cabinet including Module specified, Requires Kem Dispencer/ dispensers

Buy Apexo 150kw Liquid Cooling Cabinet 30 Units - Premium ASIC miner with fast shipping and warranty. Shop now at Viperatech.

Discover TERRA 150kW -- a high-output, scalable microgrid solution with integrated battery power, generator and solar compatibility, remote monitoring, and reliable performance for demanding job ...

Dedicated to providing customers with high and low voltage control cabinets, explosion-proof cabinets, PLC system development, low-voltage components, and automation solutions.

From now on, clients will have a quiet and efficient mining farm. Through our adapted PSU and software, the devices can achieve a 60% increase in hash rate and reduce the cost of each mining machine.
