

Can lockers be placed in the bathroom

Where should locker room be located?

According to Vastu Shastra, a locker room should be ideally located in the north direction of the house. Everything from color, size and shape to direction and placement of the room should be correct; else the outflow of money would be greater than the inflow.

What should a locker room look like?

The locker should be of a standard square or rectangular shape only. The locker should ideally be of metal with some wooden pieces kept under its four legs. The locker shouldn't be touching the surface or the ground directly and shouldn't be without legs. The best colour for the locker room according to Vastu is yellow (on the walls and floor).

Why is a locker room important?

A locker room is one of the most important rooms in the house and determines the prosperity and affluence of the house according to vastu shastra. When determining its position, considerations include the locker room being ideally located in the north direction of the house.

What direction should a locker be placed in a room?

If there's a lack of space in the room, place the locker with its back in the east direction. The locker direction according to Vastu should not be the southwest, southeast or northeast at all costs to reduce financial losses and needless expenditure. Also, make sure that it isn't placed in the corners.
