

Canadian Solar 275w photovoltaic panel

Our 275-watt solar panels are the ideal size for most off-grid applications. When used with an MPPT charge controller, you can charge flooded, sealed/AGM, gel, or lithium 12, 24, 48, or 60 volt battery banks making ...

Canadian Solar's new Quarteck CS6K-275M modules have significantly raised the standard of module efficiency in the solar industry. They introduced innovative four busbar cell technology, which demonstrates higher ...

All you need to know about the CS3K-275P solar panel including rating, cost, efficiency, and warranty terms.

to a new standard in the solar industry. The module is available with four or five busbar cell technology, demonstrating higher power output and superior system reliability. Our customers have embraced this next ...

Canadian Solar's 15 years of experience in high-quality solar panel manufacturing ensures the reliability of well-engineered module design, stringent BOM quality testing, an automated manufacturing process and 100% ...

Buy with confidence as they're backed by our 1-year warranty--with an extended 5-year warranty for an additional fee (the Canadian Solar warranty doesn't transfer).

We ran a number of cost analysis scenarios before deciding that these Canadian Solar solar panels were the best option for our 20 kW off-grid project in Oregon.

Canadian Solar's new CS6K (CS6K-275W-T4 - BoB) is a robust solar module with 60 solar cells that have raised the module efficiency to a new standard in the solar industry.

Canadian Solar's 15 years of experience in high-quality solar panel manufacturing ensures the reliability of well-engineered module design, stringent BOM quality ...

The installation and handling of PV modules requires professional skills and should only be performed by qualified professionals. Please read the safety and installation instructions before using the modules.

Made in Canada Quantity Discounts Available. 1 Panel = \$1.00 per Watt 6 Panels = \$0.92 per Watt 12 Panels = \$0.84 per Watt Full Pallet (32 Panels) = \$0.77 per Watt The Cabin Depot(TM) is very proud to be partners ...
