

Customized DC photovoltaic containers for resorts

We make mobile solar containers easy to transport, install and use. Make the next step towards renewable energy with our Solarcontainer! The challenges of our time are more present than ever.

The Intech Energy Container is a fully autonomous power system developed by Intech to provide electricity in off-grid locations. Each container is equipped with a photovoltaic array, a battery bank, ...

From portable units to large-scale structures, these self-contained systems offer customizable solutions for generating and storing solar power. In this guide, we'll explore the ...

We design a solar container that fits your needs and send you a personalized quote.

But it's the reality for thousands of off-grid tourist resorts and island tourist attractions attempting to balance heaven with electricity. So how do you install a solar container for island power?

Customers can customize power capacity, battery storage, inverter types, and auxiliary power sources like diesel generators or wind turbines to tailor the container for specific mission requirements.

Customized mobile solar systems tailored to the needs of your photovoltaic project. Whether it's limited power availability, lack of infrastructure, strict time management or limited budgets, we always ...

To meet specific project requirements, solar power containers can be customized at both the system and structural levels. Configuration options may include variations in energy storage capacity, ...

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.
