

## Dc220v output 380v industrial frequency inverter

AU400 series 220V to 380V frequency converters are specially developed by us for occasions where three-phase power is lacking. With multiple protection methods and excellent driving performance, ...

30 hp (22 kW) VFD can be customized to be a phase converter or frequency converter to control AC motor speed, converting 1-phase 220V input to 3-phase 380V output.

Unlike traditional inverters that only adjust motor speed, the AU220 provides both frequency conversion and voltage step-up functions, enabling it to convert a lower input voltage into a higher output voltage ...

Experience precise control and improved efficiency in motor operation with our Frequency Inverter. Designed for 220v to 380v power supply, it utilizes VFD technology for smooth and steady performance.

With our 220V input, 380V output VFDs, you can power everything from motors and pumps to HVAC systems and more. Our 220V single phase to 380V three phase VFDs offer a wide range of benefits ...

Unleash the Power of Your Single Phase Motor with our 220V to 380V 3 Phase Converter! Upgrade to a Single Phase VFD and experience a whole new level of efficiency and performance.

Find reliable inverters with inverter input 220v dc output 380vac for various applications. Shop our range of high-quality, efficient inverters from trusted suppliers.

Product Summary: 2.2KW DC400-800V or AC380V 3-Phase Input and Output 3-Phases 380V Frequency Inverter (18.5kw25HP, DC220V-400v AC220V) From ZASBFGHJ

Input 220V to Output 380V VFD Variable Frequency Drive Converter Inverter 0.75/1.5/2.2/3.7/4/5.5 KW Motor Speed (2.2KW) Brand: WENBIXIA

# Dc220v output 380v industrial frequency inverter
