Through Siemens research with multiple lithium-ion battery manufacturers, the FDA unit has proven to detect a pending battery fire event up to 5 times faster than competitive detection technologies.

Customizable fire protection systems optimized for modular and transportable storage units. Ideal for edge applications and distributed renewable energy solutions.

Everon provides comprehensive intrusion, access control, video surveillance, fire, sprinkler, and life safety solutions to protect traditional and renewable energy facilities--whether large locations or ...

We have years of experience in fire protecting battery energy storage systems. Marioff HI-FOG ® water mist fire suppression system has been proven in full-scale fire tests with various battery ...

Johnson Controls: Offers integrated fire suppression solutions with a focus on scalability and compliance.
Siemens: Provides advanced detection systems and automation for energy storage ...
