

# Half-immortal playing with solar power generation

They have a classic shou brain and gong fighting power dynamic, so if you like that - not to say that the shou cant work by himself, but that's the dynamic they have together.

With the Half Immortal Domain bracelet, one would be able to live in the Half Immortal Domain because there are all sorts of dangers outside the domain. Furthermore, one couldn't cultivate outside the Half ...

After dealing with the matters in the sea, it was finally Wang Ping'an's turn. He had been studying the cloning technology in the world of immortal cultivation. Especially the cloning of elixirs and spiritual ...

I check the memetic list of plans, the generator plan says I need to activate the Nova Deviation. &quot;Activate the Nova Deviation in the Murmur in the forest task&quot;.

Deviation Generators use pollution from pollution zones (the areas that make your cradle show numbers and you hear a radiation ticking sound) to generate electricity. Your whole base doesn't need to be in ...

Explore Destiny 2 Solar Hunter build created by Vegetizer! Weapons, armor loadout, artifact mods, abilities and more.

Explore Destiny 2 Solar Warlock build created by m1kasa! Weapons, armor loadout, artifact mods, abilities and more.

Some Solar weapon (Calus Mini-Tool, Drang or Fixed Odds) usually do the job to keep it up almost indefinitely with the respective fragment. Stack that with Elemental Arnaments, Elemental Charge, ...

To basically put it, users of this power are still mortal, but except their bodies don't age at all, making this form of immortality half-baked in terms of functionality.

I play on Way of Winter and it can unlock without any difficulty. But in Manibus, IIRC, you need to be in Phase 2 to unlock them, since it is on Ascendance tier. Although I didn't play Manibus ...
