nsider The Contrast of Colors
nsider Redoing Your roof cide on A Mounting System For Your Solar Panels.
Place All The Solar Panels Next to Each Other, If possible.
Bonus 1
Bonus 2
Bonus 3
Obviously, this makes the most sense if your roof isn't strong enough to support solar panels in the first place, but it also has an aesthetic component. Solar panels are beautiful and sharply cut, but if your roof contrasts that by being worn-down, it decreases the curb appeal. Plus, if your roof is worn-down and within ten years of being replaced...
