

JinkoSolar 550 PV Panel Parameters

What is a Jinko 550W solar panel?

The Jinko 550w solar panel with 2278x1134x35mm (89.69x44.65x1.38 inch) dimensions, is a first-rate monocrystalline solar panel made out of the highest-grade silicon. It has up to 21.29% efficiency, making it perfect for domestic and commercial on/off-grid solar installations. Jinko Solar's products are known for their high quality and reliability.

What is Jinko Solar?

Jinko business covers the core links of the photovoltaic industry chain, focusing on the R&D of integrated photovoltaic products and integrated clean energy solutions. The Jinko 550w solar panel has an optimized temperature coefficient capability, making it able to generate 2% more power than other panels under high temperatures.

How reliable is Jinko Solar?

It has up to 21.29% efficiency, making it perfect for domestic and commercial on/off-grid solar installations. Jinko Solar's products are known for their high quality and reliability. The company has been listed as a Top Performer for seven consecutive times in the PV EL PV Module Reliability Scorecard.

Does Jinko Solar offer a warranty?

0.55% annual power degradation and 25 year linear power warranty. © 2020 Jinko Solar Co., Ltd. All rights reserved. Specifications included in this datasheet are subject to change without notice.

The Jinko 550W solar panel offers high efficiency, reliability, and durability, making it an excellent choice for sustainable energy solutions in various environments.

Tiger Neo N-type 72HL4-BDV 550-570 Watt BIFACIAL MODULE WITH DUAL GLASS N-Type Positive power tolerance of 0~+3%

Tiger Pro 72HC 550-570 Watt MONO-FACIAL MODULE P-Type Positive power tolerance of 0~+3%

Jinke 550 photovoltaic panel parameters What is a Jinko 550W solar panel? The Jinko solar 550w panel is one of the prime monocrystalline solar panels manufactured by Jinko and is available for ...

Jinko 550w | Ofoq For Solar Power Jinko 550w Product Features: Maximum Power (Pmax): 550Wp Maximum Power Voltage (Vmp): 41.58V Maximum Power Current (Imp) : 13.23A Open-circuit Voltage ...

Jinko Solar distributes its solar products and sells its solutions and services to a diversified international utility, commercial and As of December 31, 2020, Jinko Solar has delivered more than 70GW solar ...

The Jinko solar 550w panel is one of the prime monocrystalline solar panels manufactured by Jinko and is available for wholesale, retail, and nationwide distribution. Monocrystalline solar panels are the ...

JinkoSolar 550 PV Panel Parameters

Ultra-high power for the lowest LCOE and highest IRR, this series boasts 21.4% efficiency. It uses Tiling Ribbon technology to eliminate inter-cell gaps and Multi Busbar technology ...

Multi Busbar Technology Better light trapping and current collection to improve module power output and reliability.
