

This is used for safely and securely conveys solar panels, plywood, drywall, windows, skylights, siding and so much more. The lightweight yet durable frame mounts directly onto your existing Safety Hoist unit and ...

Easy to assemble and disassemble, and its compact form after folding allows for convenient transport and storage. All its elements have a combined weight of 90 kilograms. The winch significantly speeds up work ...

The Solmetric Module Lift is designed to safely and quickly transport a PV module to a roof. The device uses your existing fiberglass Werner or Louisville extension ladder.

Geda Solarlifts - Different Modalities For Your Application Area
 Unique Concept: The Solar Platform
 Geda Solarlift - One Device, Several Advantages
 The GEDA Solarlift has particularly been designed for working with sensitive materials and offers a specific solar platform for a safe transport of expensive solar panels. The platform provides a specially developed plastic surface and an extra fixation possibility which can be adjusted as desired. The second transport variation is the collector pl...

```

The TranzVolt is a battery powered, solar panel hoist, which allows for the vertical lift of modules to the rooftop. This is an excellent option for projects located in remote, off grid, or new construction areas where power is ...

Whether you're looking to streamline handling processes, reduce labour costs, or improve operational safety, our solutions are designed to lift, rotate and move solar panels carefully with precision and ease.

GEDA Solarlift is a reliable device on every construction site to transport and assemble solar panels and photovoltaic systems securely. The solarlift also comes with an extra post that supports the ladder ...

Photovoltaic panel transport winch

Specially designed with a custom carrier that functions as a cargo receptacle, GEDA's solar panel lift is a space-saving way to reach inaccessible loading areas.

The kit includes a durable photovoltaic panel transport trolley with an aluminum frame and a waterproof, anti-slip plywood surface. With opening side boards, this trolley provides the secure transportation of solar panels, ...

RGC's Platform Hoists and Swing Hoists are essential tools for solar panel installations, offering safe and efficient solutions for transporting heavy and bulky materials to rooftops and elevated areas.
