

Power Tender New Energy Storage

Why do companies bid for energy storage tenders?

Bidding for energy storage tenders is extremely lucrative for companies of all sizes. Tendering authorities and private companies release thousands of contracts worth millions for procurement of energy storage. Global Tenders stands out as the largest platform dedicated to tenders and government contracts.

What does China Energy Engineering Corporation's landmark procurement mean for energy storage?

China Energy Engineering Corporation's landmark procurement signals a shift toward market-driven energy storage, with bids reflecting aggressive cost-cutting and rising industry consolidation.

Is the 25 GWh tender a turning point for LFP batteries?

The 25 GWh tender is widely seen as a turning point for the Chinese storage sector's shift from policy-driven growth to a more sustainable, market-oriented model. With system costs declining rapidly, LFP batteries are gaining traction across grid, generation, and end-user segments.

Will NDRC remove mandatory energy storage requirements for renewable projects?

The tender follows February's "Document No. 136" from the National Development and Reform Commission (NDRC), which removed mandatory energy storage requirements for renewable projects.

On November 3rd, the bid award result was announced for the energy storage system procurement of the CEEC Wanneng Xinjiang Minfeng County 200MW/800MWh Independent New ...
